Universal Mounting Bracket
(Bright Finish)

BT-1010

PICK N' HOOK COROPLAST

Patent No. US 7,627,970

PH100W (100 Pack - White)

PH100B (100 Pack - Black)

Simply press the spike-end into the edge of the coro material so that it penetrates across the corrugated flutes, then hang it up.

Both available in White & Black

TWIST N' HOOK FOAMBOARD

Patent No. US 7,627,970

TH100W (100 Pack - White)

TH100B (100 Pack - Black)

Use with foam or gator board. Just twist the hook into the side of your foamboard substrate while pressing it into the foamboard. Once in place, just hang it up.

Both available in White & Black

TAG-IT BRACKET

- Use to stretch banners between poles, fences, trees, etc.
- Use with Banner Trak to attach to the bottom of the banner

BTSHOW20

Banner Trak PARTS

Made In the U.S.A.

Doing large jobs or a unique banner application?

Pick -N- Choose your parts below to build almost any application you can think of.

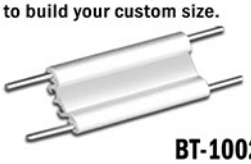
4' Banner Trak Rail

Use multiple traks to build any size indoor or outdoor banner you need.

BT-1001

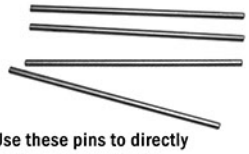
Connector

Great for connecting Banner Trak rails together to build your custom size.



BT-1002

Stainless Steel Pins



Use these pins to directly connect 2 48" or 24" BannerTraks together.

SSPIN

Slider w/thumbscrew

Slide them anywhere on the trak to align with your banners grommet

BT-1003

Slatwall Kit

Use these Slatwall clips with Banner Trak to easily attach to slatwall.

BT-1004

End Caps

Use these end caps on Banner Trak rails for a finished appearance.

BT-1005

Universal Mount Kit

Use these clamps for installing your Banner Trak onto poles.

BT-1006

Suction Cup Kit

Use these suction cups with Banner Trak to mount to any glass or other smooth surface.

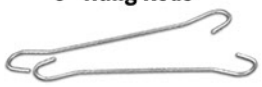
BT-1007

T-Bar Ceiling Hooks

The perfect solution to all those drop down ceiling installations.

BT-1008

6" Hang Rods



Use these hang rods whenever you are doing a ceiling or drop down installation.

BT-1009

90° Super Brackets

Use these super strong 90 degree angles with Banner Trak or other sign mounting applications to hang your projects on shelves, posts or walls.

BT-1010

Multi Media Clip

Use these super strong multi-media clips with Banner Trak sliders & thumbscrews or other sign mounting applications to hang your projects.

BT-1011

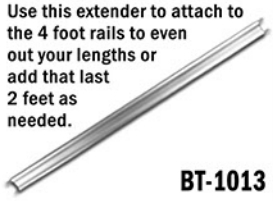
Xtender

Use this easy connector to extend your Banner Trak to as long as you need.

BT-1012

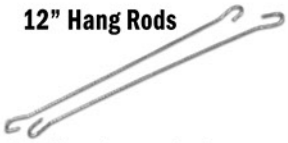
24" Connector

Use this extender to attach to the 4 foot rails to even out your lengths or add that last 2 feet as needed.



BT-1013

12" Hang Rods



Use these hang rods whenever you are doing a ceiling or drop down installation.

BT-1014

Linklip Chainlink Fence Mount w/Bolt + Linklamp Banner Plate

SLK-3000 **SLKLAMP**

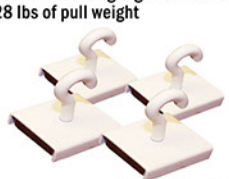
BT Magz

Use Magnet Mount with BannerTrak for hanging banners on surfaces like Pallet racks, metal shelving or any metal surface.

BTMAG

4-PAK Sooper Ceiling Hooks

Use for mounting Signs or Banners. 28 lbs of pull weight



(4-pack) **CH4W**

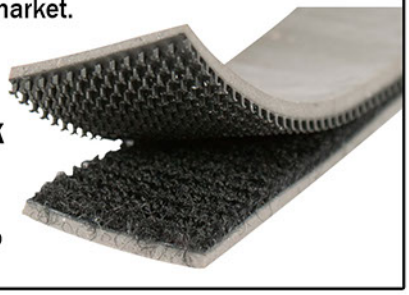
SOOPER STRONG HOOK & LOOP

WHEN YOU NEED SOMETHING STRONGER

This specialty fastener is for applications that require a strong, durable hold and grip. The most aggressive high-cycle closure product in the fastener tapes market.



SSHOOK

SSLOOP

GENERAL PURPOSE MASKING TAPE

1" - 36 yds
2" - 36 yds

The crepe paper backing tears easily and conforms to curved and irregular surfaces and around corners for sign making, layout and vehicle wrap use.
The natural rubber adhesive bonds well to metal, drywall, wood, and painted surfaces and offers clean removal.

ROLLER SQUEEGEE BRAYERS

Our 3" narrow Roller Squeegee/Brayer is the perfect size for applying banner hem tapes and double-sided tapes onto your substrates and surfaces.

Our 6" medium-wide Roller Squeegee/Brayer is the perfect size for use with small graphic applications and for use on vehicle wraps where you can't risk dragging a plastic squeegee across the graphic or media.

Our 12" wide Roller Squeegee/Brayer can tackle your large applications indoors or out. Wall Graphics, trailer graphics and big rig jobs are much faster and easier when you add our 12" wide roller squeegee/brayer.

Part#	Description
RLSQ3	3” Narrow Roller Squeegee/Brayer
RLSQ6	6” Medium-wide Roller Squeegee/Brayer
RLSQ12	12” Wide Roller Squeegee/Brayer

SOOPER TACK ROLLERS

Removes Every Spec of Unwanted Dust and other Particles from Surfaces before Printing, Laminating or Applying Graphics

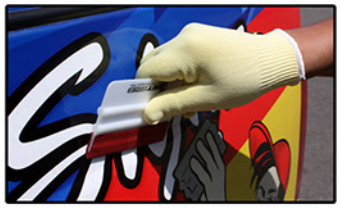
WETEDGE
get your squeegee wet

The Benefits of a "WetEdge" Squeegee:

- True Professionals use the Wet Edge!
- Teflon edge glides and cuts across media easier than the standard squeegee.
- By applying water to the Wet Edge side, it allows squeegee to glide over media without scratching laminate. It also reduces friction.
- Wet Edge material goes all the way to edge of squeegee to allow installation in tight areas. We use this almost like a paint brush.
- Helps when laying die cut or cut vinyl to vehicles without scratching painted surfaces.



WetEdge Magnet Squeegee

WetEdge Squeegee	WES
WetEdge Magnet Squeegee	SQMAGWES

ALUMALITE SQUEEGEES

- Light weight aluminum construction
- Use for small and large applications
- Great for large format installs on windows - vehicles and any large surface window - walls -floors etc.
- Available in 6 sizes up to 50" wide
- Sooper - Glide felt edges for smooth application with no harm to sign or substrate

See page 28 for more info.

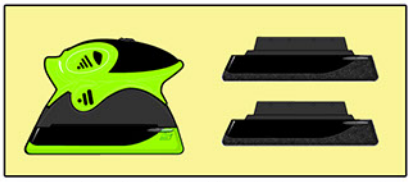
SE360™

WRAP | TINTING | RESTYLING TOOL

INTUITIVE PRODUCTS

The most ergonomically correct squeegee in the world!
The Squeegee Evolved 360 , with our ergonomic design and functionality allows users to not only grip with less strain to the hand itself but gripped in any position during a typical installation .
Kit comes complete as shown with One handle and 3 Quick Change Blades.

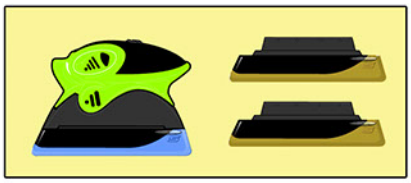
Restylers Kit



1 Complete Handle with 1 (one) Standard Blade + 2 Kit Blades

Part #: SE360R

Window Tint Kit



1 Complete Handle with 1 (one) Standard Blade + 2 Kit Blades

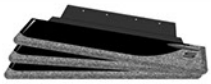
Part #: SE360T

Part #: SEBP3S

3 Blade Pack-Green (HARD) rigid blades for everyday uses in vinyl application. Low flexibility designed to maximize downforce pressure on any surface, but not to be used on vinyl without transfer tape.

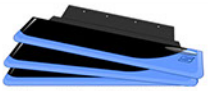
Part #: SEBP3R

3 Blade Pack-Black (SOFT) semi-rigid blades with thermally bonded micro-fibers for curved surfaces where blade flexibility is needed. Gives maximum pressure without drag.



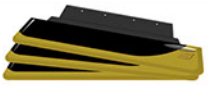
Part #: SEBP3W

3 Blade Pack-Charcoal (MEDIUM) rigid blades with thermally bonded micro-fibers for most flat surfaces where less blade flex is needed. For mild curves.



Part #: SEBP3TB

3 Blade Pack-Blue (HARD) rigid blades for everyday use in all flat window tint applications.



Part #: SEBP3TG

3 Blade Pack-Gold (MEDIUM) stiffness semi-rigid blades offering more flexibility for curved vehicle windows. Gives smooth consistent pressure without drag, safe for all tint films.

MOBILE WRAP LIFT

DS
FREE SHIPPING

Get to all those hard-to-wrap places without breaking your back!

The ImageOne Impact portable mid-rise lift is a great way to increase the productivity in a shop. It's like having a service bay anywhere, indoors or out. The motor is conveniently mounted to a heavy-duty tow dolly, making it easy to move and operate on almost any solid surface.

Maximum Capacity	6,000 lbs
Overall Width	39-1/2"
Overall Length	7' - 10"
Min Lowered Height	5-1/2"
Max Raised Height	53-1/4"
Maximum Lifting Height	56-5/16" (with adapter)
Lift Time	45 seconds
Power Requirement	110v AC - 60 Hz, 1 Ph 20A
Shipping Weight	930 lbs

KEY FEATURES:

- Heavy duty tow dolly provides flexibility to service vehicles anywhere in your shop
- 7 locking positions allow technician to work at an ergonomic height to increase productivity and minimize fatigue
- Electric motor mounted on tow dolly provides convenience and ease of maneuverability
- Single push button power unit with release valve provides convenience while lifting and lowering vehicle
- Slip-on rubber pad adapter kit with height extension accommodates high profile and lifted vehicles
- Sliding/rotating arm design accommodates meeting pick up points on a full range of vehicles

WRAPLIFT

Hot Shot

• INFRARED HEATING UNIT •

FOR USE IN:
• VEHICLE WRAPS • RESTYLING
• COLOR CHANGE APPLICATIONS

Infrared heating units for softening films and breaking the films' memory during pre-and post-heating of vinyl films. These Infrared heating units are all designed for long life in the vehicle industry. You can have a wide area self-standing Infrared heater to dramatically speed up your installs and pre-and post-heating while giving you both hands free to work your film install.

Faster, easier wraps and digital media work, guaranteed!

WrapGlove®

The WrapGlove is specifically made for the Wrap/Decal applicators.

- A unique blend of fibers that has taken years to develop
- They don't shed–no lint or fibers on your adhesive
- They don't transfer your skin's oils
- They can be used to handle the adhesive side of digital and wrap films
- Reduce/remove friction when hand cutting vinyl

All of these improvements make the WrapGlove "Black" the application glove of choice to the Wrap Industry.

MAGNETIC BELT CLIP

- Wristband and belt clip are embedded with super strong magnets for holding screws, wrenches and small tools.
- 360° rotational belt clip.
- One size fits all.

MAGBC

MAGNETIC SUSPENDERS

- Polyester Magnetic Work Suspenders use double-layered reinforced polyester
- Suspenders include a super strong detachable magnet for holding
- Adjustable straps
- Built-in cell phone pouch

MAGSUS

INFRARED THERMOMETER WITH LASER

- Measurement Range: -60 to 550˚C (-76 to 1022˚F)
- Operating Range: 0 to 50˚C (32 to 122˚F)
- Resolution (-9.9 to 199.9˚C): 0.1˚C/0.1˚F, otherwise 1˚C/1˚F
- Response Time (90%): 1 sec
- 12:1 Distance to Spot Size
- Battery Life: Typ. 18, min 14 hours continuous use - Weight: 1.75 lbs.

IRGATD

DUAL TEMPERATURE HEAT GUN KIT

- Two Heat Settings; 700°F & 925°F
- Watts - 1000 Low/1500 High
- Three Position Rocker Switch; High/Off/Low
- UL & CUL Listed

Includes:
- Dual Temperature Heat Gun
- Reduction Nozzle
- Reflector Nozzle
- Large Deflector Nozzle
- Small Deflector Nozzle
- Black Plastic Case

Weight: 2.00 lbs.

HGDT

DIGITAL VARIABLE TEMPERATURE HEAT GUN KIT

- "Soft Touch" Control for more exact temperature setting
- High and Low settings each have 6 temp. settings - 12 heat settings total
- Total temperature range from 250°F to 1200°F
- Watts - 1500
- LED Display clearly indicates level of heat emitting
- Patented 80 second automatic cool air flow to prevent accidental burns and to extend life of heating element
- Kit includes four tips and plastic case

Weight: 3.50 lbs.

HGDVT

INSTALLERS PEN

Made In the U.S.A.

Adhesive Primer Applicator Tool

All vehicle wrap professionals know that primer 94 is a must to ensure the longevity and durability of a vehicle graphic. Applying Primer 94 can be a time-consuming and often messy task.....until now.

IPEN

SEALITPEN

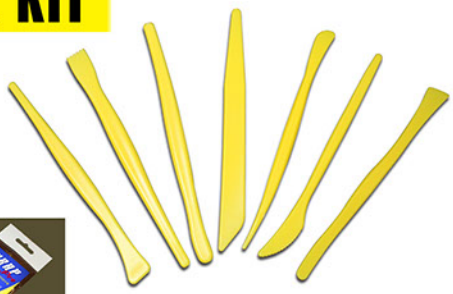
Made In the U.S.A.

Here's a fast, simple answer to your edge sealing problems with outdoor and some indoor vinyl applications that require edge protection from washing, polishing, and excessive physical contact.

SEALIT

WRAP PRO TUCK & GROOVE TOOL KIT

7-piece tool kit for getting under any vehicle's rubber gasket seal or window molding. Also for getting in-between body panels, deep crevices and tight spots during a vehicle wrap or color change.



TG7

SOOPER CHAIR - DELUXE

Manufactured from strong, lightweight steel. You will enjoy the comfort and back support of these seats for hours on end. Multiple storage utility compartments and a handy parts tray let you load these babies up with wrap tools.

SCDLUX

RACER SHAPE — Sooper Thick

Wrap Film "Show-Off"

Looks like a race car and shows every conformable possibility that your customer might have on their vehicle.

4" X 8"

WSRS

SOOPER CHAIR - ERGO

Is the first of its kind to give you complete ergonomic comfort, while maintaining a stable working position. The weird, but remarkable, kneeling wrap chair won't slide around while wrapping and installing.

SCERGO

CONVEX BUBBLE SHAPE

Wrap Film "Show-Off" **Sooper Thick**

Great uniformed look when multiple colors are displayed. Shows both convex and concave application.

5" X 5" Radius

WSCBS

SOOPER CHAIR - HD BOX

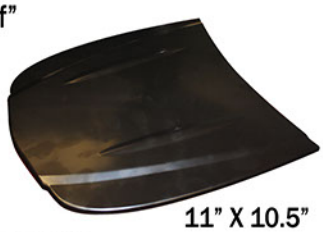
Gives employees the ability to keep all their tools inside the chair's front & back tool trays. Has a padded seat cushion for comfort, welded steel frame, 3-Drawer toolbox with roller bearing slides.

SCHDBOX

HOOD SHAPE — Sooper Thick

Wrap Film "Show-Off"

The most well recognized shape for your customers to see. These mini vehicle hoods are perfect for showing a real race car or sporty automotive feel.



11" X 10.5"

WSHOOD

Wrap Care After Care - JP

Cleans, Seals and Protects any brand of Gloss, Carbon fiber, Brushed Metallic, Chrome vehicle wrap and graphic signage films and more.

WCAC32

Wrap Care After Care - JP Matte

Specifically for the unique surface of Matte and Satin surfaces. Cleans, Seals and Protects any brand of Matte and Satin finish returning your original matte finish.

WCACM32
Gallon WCACMGAL

Adhesive & Heavy Duty Surface Cleaner - JP

Adhesive & Heavy Duty Surface Cleaner-JP is specially developed for removal of adhesives & other hard to remove contaminates on most solid substrates and vehicles without risk of damage to painted finish.

AR32
Gallon ARGAL

WRAP VIDEOS 3-Pack Bundle

By Justin Pate

This is a very well-produced HD DVD set of real wrap lessons that simply work great; by one of the most experienced wrap installers in our industry. Study Justin Pate's unique "UGIS" system. It's not just how to install a wrap. It is from preparation to post heating, showing "all the RIGHT things to do".

ALUMALITE HD LINER

Cut Tool

Is a precision, hand-held device utilizing a standard single edged razor blade. The blade depth adjustment is as simple as using a screw driver, which can control the depth of cut to less than a thousandth of an inch.

SEE PAGE 28

Blades - 650506
100 Pack Dispenser

ALHDLCT

POCKET LINER

Cutting Tool

This smartly engineered, innovative tool offers a unique way to cut only the liners of your substrates and not the film. The auto Pressure Control System adjusts the cutting pressure to help prevent damage to the material beneath.

Blades - LCTB
5 Pack

LCT

ECONOMY LINER

Cut Tool

Works by pushing the bottom portion of the tool underneath the liner (in-between liner and adhesive film) and then pushing through to the end of your cutting needs.
This tool will continue to slightly separate the liner from the adhesive film but cut only the liner as it is pushed through.

LCTECO

TWIN WRAP KNIFE

NEW

- Same as the Standard Wrap Cut Knife but has two cutting blades
- The Twin Blades cut a 7/8" strip of liner for easy Application
- Made specifically to cut through just the liner of any pressure sensitive vinyl films.
- This knife will cut through only the paper backing of a self-adhesive vinyl.
- Made with a solid steel shaft and special coating on the bottom surface

WCKTWIN

10-Blade Pack WCBLADE10

WRAP CUT KNIFE

- Made specifically to cut through just the liner of any pressure sensitive vinyl films.
- This knife will cut through only the paper backing of a self-adhesive vinyl.
- Made with a solid steel shaft and special coating on the bottom surface
- Replacement blades available.

WCKNIFE

10-Blade Pack WCBLADE10

SNAPPY SAFE CUTTER

One of the most versatile tools ever designed for cutting paper, cloth and plastic films. A great little tool to have around the shop and in your tool box.

SCUT

CORO CUTTER

The best knife for cutting corrugated plastic sheeting.

COROCUT

PenBLADE®

AVAILABLE IN BLADE SIZE No. 10, 11 & 15

With its unique, disposable pen-like design and retractable safety blade, Penblade knives are a cut above the rest. Medical grade non-sterile super sharp blades offer extra-long life and exceptionally easy cutting of vinyl, banner, PPF, window tint films and most rigid sign substrates as well.

3 Blade styles to choose from.

PBLADE10
PBLADE11
PBLADE15
